

ROLLED OFF TIE MATCH

And O'Learys Won From the
Eurekas

IN THE EXTRA FRAME

Trenoweth Rolled a Single String of 244
and Three String Total of 621—
Owls Beat Students by
Three Straight.

There was an exciting bowling match at Alexander's alleys last evening, when the Eureka and O'Learys, both of this city met in an intercity league bowling match. The Eureka won the first match, the O'Learys the second, and the third was a tie. In order to decide who were the winners, another box had to be added to the third string, and the O'Learys won. Trenoweth rolled a remarkable single of 244; he also had high three string total of 621.

The score stood before the rubber was played off:

DARTMOUTH IS ONE OF THE "BIG FIVE."

Work of the Past Three Years, and Especially This Season, in the Foot
Ball World, Gives Her That
Right to Position.

There has always been and will always be a "big" group in the college foot ball world. It is as firmly established as an institution as the game itself. But it is time now that the make-up of the group underwent a change, a change providing for amplification. When the idea of the "big five" was conceived its make-up was as plain as daylight—Harvard, Yale, Princeton and Pennsylvania. Those were the days when there was nothing to the field but these four, and the minor college teams were held in the light of nothing more than trial horses and the means to a desired end.

But things, like times, have changed in the foot ball world, and the "big four" is subject to immediate revision. The exclusive square is broken at least at one corner, and the future combination should provide a "big five." Dartmouth being placed at least in one of the points of the pentagon. Of all the teams that might be considered likely enough to aspire to the high place given by membership in the group, Dartmouth is the one which has actually earned the right to the coveted rating.

In furtherance of Dartmouth's claim to the high honor its record of the last

three years is offered, backed by the record which this year has brought so much glory to the precincts of Hanover. Its supremacy of the past years in the second string has been pronounced, and to win from Harvard two years ago and the tie of last year add to the victory of the evidence. This year the victory over Princeton and finally the even break for the second time in two years with Harvard complete the bill, and give the attorneys for the petitioners an argument which is as weighty as it is hard to answer.

Dartmouth's rise to fame in the world of foot ball has been steady and consistent, the result of a clearly defined and steadily adhered to policy. Raw material has been taken in hand and moulded into shape time and time again, and instead of an aggregation of stars the teams of the past few years have been well balanced and perfectly working machines. The one man coaching, the one man training and the sticking in the face of everything to one policy of development are the things that have placed Dartmouth so high. That this order of things will continue there is little doubt, for besides knowing what to do the Dartmouth outfit knows when it has a good thing and sticks to it.—Boston Herald.

PRESIDENT PROUD OF SON.

Satisfied With Young Theodore's Part in Football Game.

Washington, D. C., Nov. 22.—Close friends of the President are saying that he feels much satisfaction over the very manner in which his son Theodore took part in the annual football game Saturday between the Freshmen of Harvard and Yale.

His son's conduct is in accord with the training the President has given all his boys to take their share of knocks and bruises in rough and tumble games and not murmur. The President dislikes the publicity his son is receiving, however, and is not talking about the matter.

Officials for Yale-Harvard Game.

New Haven, Nov. 22.—Yale and Harvard have agreed upon the following officials for their big foot ball game Saturday: Referee, Matthew A. McClung of Lehigh; head linesman, Edgar A. Whiting of Cornell. The umpire is yet to be picked. Harvard wanted Bill Edwards of Princeton, but Yale is eager to have the veteran Paul A. Dashiell of Amherst officiate.

INDIANS HAVE SWEETHEARTS.

They Accompany the Gridiron Braves to All Games.

There is no wonder the Carlisle Indians play good football. Twenty-three sweethearts of the players go to the games and cheer their braves to the gridiron on to victory.

Each member of the team is given the privilege of inviting his sweetheart to the games, and Miss Sarah E. Newcomb, a teacher at the Carlisle school, goes with the Indian maidens.

At the games away from Carlisle there are no husky warriors to cheer along the team. The girls take their seats in the center of the grand stand, each proudly bearing the colors of her chief, some carrying bright red blankets and each one wearing the red and gold of Carlisle. There they make their presence known to the players by singing songs, in which every one of the football braves is a hero.

Thirteen tribes are represented by the Indian maidens. Their names and the tribes they belong to are:

Ethel Bryant, Osage; Phoebe Dostater, Oneida; Margaret Martin, Shawnee; Margaret Calotte, Chippewa; Eliza Penny, Nez Perces; Lucinda Leroy, Oneida; Malinda Cayuga, Seneca; Ella Beck, Cherokee; Christine Childs, Crow; Margaret Big Walker, Sac and Fox; Olive Whelock, Oneida; Elizabeth Baird, Oneida; Melissa Cornelius, Oneida; Susie Whitteer, Seneca; Stella Ellis, Sac and Fox; Dora LaBelle, Sioux; Emma Logan, Winnebago; Savanna Beck, Cherokee; Stella Sky, Perla; Alice Denomine, Chippewa.

PLAN BIG COTTON TIE-UP.

Southern Growers to Hold 3,000,000 Bales for High Prices.

Atlanta, Ga., Nov. 22.—Harvie Jordan, president of the Southern Cotton Association, said yesterday that preparation to tie up 3,000,000 bales of cotton and hold for high prices, in the face of an already established short crop and unprecedented consumption, is well under way, and promises successful results. "The entire machinery of the association," he declared, "will be put in motion within a few days pledging the cotton growers of the south to a reduced acreage for next year. We will begin this early to hold down the acreage to give the planters full opportunity to make arrangements for another year."

DESTROYERS TO CANTON.

American First Torpedo Flotilla Under Orders.

Manila, Nov. 21.—The first torpedo flotilla now on the Asiatic station has been ordered to Canton. Only the torpedo boat destroyers Bainbridge and Decatur are available now, and they will leave here in a few days. Three others will follow when repairs on them are completed.

"NEW DEAL" IN NEW YORK

This Evidently the Plan of
the President.

PEOPLE READY TO REVOLT

Some Puzzling Questions to Be Settled—Cortelyou Holds the Chairmanship Until the Scandal Is Cleared.

Washington, Nov. 22.—Monday night's White House conference on the political situation in New York continued to be a subject for general comment at the National Capitol yesterday. It may be said on excellent authority that the President will not take a hand personally in straightening out the perplexing complications, but his close friends will undertake to do what he believes ought to be done. It is understood he gave advice with frankness. The precise recommendations of the President will probably develop from time to time, as his supporters are able to put into effect plans that have been matured. It was said yesterday on excellent authority that the President feels that there must be a "new deal" all around. He undoubtedly believes the people of New York State are in a mood to revolt against existing conditions. Just what to do about the contributions to the Republican National Committee by the insurance companies is a puzzling question. That something must be done is the fixed judgment of the Administration. Postmaster General Cortelyou, chairman of the National Committee, is more determined than ever not to surrender the chairmanship to Harry S. New, until the contribution scandal is cleared up. It is now believed that whether the money is returned to the insurance companies or not; whether the companies voluntarily replace the money in the funds from which it was drawn, Mr. Cortelyou will in time give out a statement explaining in detail the National Committee's contracting with the reception and expenditure of that money. Something of this kind must be done, it is said by those who know, to satisfy the people of New York.

VOTER TO PRISON.

Man Receives Heavy Sentence for Illegal Voting.

New York, Nov. 22.—The heaviest sentence that has so far been meted out to those who were convicted of illegal voting in the election fell to the lot of Edward Meade, alias John L. Foley, yesterday. Meade, or Foley, was sentenced by Justice Davy in the criminal branch of the Supreme Court to not less than two years or more than three years and six months in State Prison.

Meade, or Foley, was arrested shortly after Election Day as the result of District Attorney Jerome's and Attorney General Mayer's activity. He was tried last week and pleaded guilty to voting illegally in the Third Assembly District. The prisoner has no city address.

Murphy's friend, Charles P. Dillon, was given his choice yesterday by Recorder Goff of going to jail for contempt of court, or telling the grand jury what he knows of the plot to save Tammany leaders by getting Krup out of jail on \$5,000 cash bail and then aiding him to flee. He weakened and became a witness before the jury. It is believed he knows about the plot to keep Krup from "sneaking" upon men "higher up" who hired him to vote illegally. Another important witness subpoenaed by the grand jury to testify yesterday was Contractor John Neman, who works for John J. Murphy, brother of Charles F. Murphy.

Meade, the first man sent to Sing Sing as a result of the last election, was entitled to vote from his residence at No. 119 Waverly place. After voting from there, however, he went to the polling place at No. 92 Barrow street, and voted under the name of John L. Foley of No. 119 Washington place. Thomas McCabe, also charged with illegal voting, entered a plea of guilty. Sentence was deferred. George Ackerman, whose real name is Jacob Grust, of No. 85 Bowers, will be sentenced on November 28.

TO RACK MURPHY.

Brother of Tammany Chief to Face the Grand Jury.

New York, Nov. 22.—The grand jury investigating election frauds yesterday subpoenaed John J. Murphy, brother of Charles F. Murphy, the leader of Tammany Hall, and James E. Gaffney, alderman from the 18th Assembly district, in which Charles F. Murphy lives. John J. Murphy is a partner in the New York Contracting Company, and the wife of James E. Gaffney is said to be a partner in the same company. Both Mr. Murphy and Alderman Gaffney were excused for the day.

The subject first scheduled to be investigated by the grand jury at yesterday's session was the disappearance of John Krup, who forfeited \$5,000 bail last week. He was accused of illegal voting.

Charles P. Dillon, Krup's lawyer, who last week refused to answer questions put to him before the grand jury, was

saving your life, as I believe mine was saved by Vinol, the best cod liver oil preparation in the world.

"On my way home from a reception, thinly clad, I contracted a severe cold and cough. I tried different cod liver oil preparations and other remedies; they only upset my stomach and gave me no relief. I finally sent for my physician. He prescribed for me, but I constantly grew worse, and as a last resort he advised me to try Vinol. I found it was delicious to take and did not upset my stomach like the other cod liver oil preparations. It soon effected a complete cure, built up my general health, and made me feel stronger and better than I have for years.

"My druggist, from whom I purchased Vinol, tells me that it has taken the place of old-fashioned cod liver oil and emulsions, because it contains in a highly concentrated form all the medicinal, curative and body-building elements of cod liver oil actually taken from fresh cod fish livers, but without a drop of the system-clogging oil or grease to upset the stomach and retard its work, and if Vinol does for Barre people what it did for me it will be worth \$100 a bottle to them." Sallie Van Wick, vice president of the Anderson Driving Club, Atlanta, Ga.

Our local druggists, Rickert & Wells, say they have never sold a remedy in their store equal to Vinol for chronic coughs, colds and bronchial troubles, or to build up a run-down system, and they will return the money in every case where it fails to give satisfaction.

yesterday directed by Recorder Goff to answer these questions. He was then taken before the grand jury.

Odell Flares at Roosevelt.

New York, Nov. 22.—Chairman Odell, of the Republican State Committee, met a few district leaders and other political friends at State headquarters yesterday and later submitted a few remarks on the local political situation. He evidently feels resentful that President Roosevelt or Gov. Higgins should take any interest in party organization that he has controlled. He said:

"If President Roosevelt thinks that Mr. Halpin has not made good as president of the Republican County Committee, why don't he send for him and tell him so? If he wants Mr. Halpin to get out, let him say so. I guess Halpin would comply with his request."

CALLS REFORM MAYORS.

Unique Meeting Planned by Johnson of Cleveland.

Chicago, Ill., Nov. 22.—A dispatch to the Record-Herald from Cleveland, O., says:

Mayor Johnson, with the authorization of Mayors-elect Dempsey, Badger and Whitlock of Cincinnati, Columbus and Toledo, respectively, Monday, called a meeting of all the mayors-elect of Ohio cities to be held in this city Dec. 4.

Mayor Dunne of Chicago and Mayor Weaver of Philadelphia will be present at the meeting.

The meeting took on a national importance to promote local politicians when they heard of it Monday night, and it was predicted that it might become one of the greatest forces in reform politics yet seen in the country. In speaking of the matter, Mayor Johnson said:

"Primarily the idea in arranging the meeting is to form an organization of the mayors of all the large cities. We want to get all of the reform mayors into the organization and arrange to fight for legislation that will be of benefit to the cities."

The meeting as planned by the mayor will be unique in the history of American politics.

DEWEY TO RUN INDEPENDENT.

Boston Judge Takes Out Nomination Papers for Mayor.

Boston, Nov. 22.—Judge Henry S. Dewey will be an independent candidate for Mayor. He will run on nomination papers reading, "Peoples' candidate for Mayor." This was decided upon yesterday.

About forty of his political friends met and after a general discussion Judge Dewey made a speech stating that he was going to the polls as an independent. His friends at once organized a committee and elected Joseph Lundy as secretary.

Lundy sent a man to the office of the Board of Elections Commissioners in the Old Court House and seventy nomination papers blank were obtained.

When the messenger returned to the Dewey headquarters with these nomination papers, twenty were distributed at once and taken away to different sections of the city to obtain the necessary signatures. One thousand signatures are required to run for mayor on nomination papers in Boston.

PREPARING RATE BILLS

Meeting Senate Committee
On Commerce

BOTH SIDES REPRESENTED

Important Figures Gathered by the Experts—Several Measures Likely to Result from the Hearings.

Washington, Nov. 22.—The Senate Committee on Interstate Commerce met yesterday to begin the consideration of legislation relating to regulation of railway rates. The meeting is to consider the testimony taken last spring, and also the additional data which has been gathered by experts since the committee ceased its hearings. The data was prepared by H. C. Adams, statistician of Interstate Commerce Commission, and T. T. Newcomb, attorney and railway statistician. The former represented the Interstate Commerce Commission and the latter railway interests. It is well known that the Interstate Commerce Commission is divided on the question of conferring upon the Interstate Commerce Commission power to order a change of railroad rates, but no attempt has been made to poll the committee to determine what kind of a bill will be reported. It seems quite likely that several different measures will be presented, as it is known that drafts of bills have been prepared.

RALLY IN RUSSIA.

Strikers Return to Work and the Market Improves.

St. Petersburg, Nov. 22.—Normal conditions were resumed in industrial St. Petersburg yesterday. The striking workmen returned to nearly all the factories yesterday morning and the newspapers appeared again.

There was a boom on the St. Petersburg Bourse yesterday morning as a consequence of the news that the Congress of Zemstvos, in session in Moscow, had decided to co-operate with Premier Witte toward fulfilling the promises made in the czar's manifesto of Oct. 30. Admiral Birleff closed the Admiralty works on the Neva yesterday morning because the workmen Sunday accorded themselves an eight-hour day and left the shops at 4 o'clock without permission.

London, Nov. 22.—The St. Petersburg correspondent of the Times, after remarking upon the improvement in the situation adds: "If, however, as I am informed, Count Witte contemplates the wholesale proscription of workmen who participated in the recent strikes there may be a recurrence of the labor crisis. 'Three thousand men have been already dismissed from the Baltic works alone.' The correspondent reports an alarming spread of agrarian outrages, which has caused the extension of martial law to the provinces of Penza and Zursk, in addition to those in which it had been proclaimed.

BEYOND REACH OF WARSHIPS

Americans in St. Petersburg Shut in by the Ice-Bound Neva.

Washington, Nov. 22.—Secretary Ed- dy, charge at St. Petersburg, cabled the state department Monday afternoon that the strike in St. Petersburg has ended. He adds that Kronstadt and St. Petersburg are ice-bound, thereby precluding any possibility of the Minneapolis or any other American vessels visiting at those ports.

THIRTEEN SHIPS FROZEN IN.

The Neva Is Ice-Bound—Warship Cannot Reach Americans.

St. Petersburg, Nov. 22.—The weather is so exceptionally severe that thirteen steamers are ice-bound between St. Petersburg and Kronstadt. One of the steamers is aground and another, the Volodga, has seventy British subjects on board bound for London. An ice breaker has been requisitioned from Libau to free the vessels.

JEWISH FUND \$562,307.

This the Total of Contributions Received by New York Committee.

New York, Nov. 22.—A meeting of the national committee for the relief of Jewish sufferers in Russia was held Monday in Temple Emmanuel. The report of the executive committee, which was read by Jacob H. Schiff, showed that up to noon Monday the sum of \$562,307.46 had been received for the relief of the Jewish sufferers in Russia. However, \$600,000 already has been forwarded to London by Mr. Schiff. The announcement of this amount, coupled with the further statement of Mr. Schiff that the fund exceeded \$600,000, with about \$100,000 more in sight, brought forth tremendous applause from the members of the committee.

MAY SEIZE PORT.
Fleet of Powers Is to Force Turkey's Hand Early.

New York, Nov. 22.—The Sun has the following cable from London: The Standard says it learns that, in the event of the Sultan of Turkey not complying with the demand of the powers regarding Macedonia, the allied fleet will first seize the customs at Mytilene, then to terms Lemnos will be occupied and the Dardanelles blockaded. The paper adds that it believes that Emperor William's reply to the sultan's request that he intervene on Turkey's behalf was an emphatic admonition to accept the final note of the powers.

FOUR DAYS ADRIFT IN GALE.

Twenty-five Men Rescued from Derelict Steamship.

Vigo, Spain, Nov. 22.—The Spanish steamship Octubre, from Marseilles to Rotterdam, had a thrilling experience during the recent storm. Seas washed over the vessel, her machinery broke down, and she drifted helplessly for four days. When hope had been abandoned, the Octubre was sighted by the British steamer Almago, which finally with difficulty rescued the crew of twenty-five men.

Large Postoffice Deficit.

Washington, Nov. 22.—Postmaster General Cortelyou recently completed and forwarded to the secretary of the treasury the estimates for the Postoffice Department for the fiscal year ending June 30, 1907. They show a reduction of expenses wherever it is believed it will not impair the service, but makes provision for development of postal facilities to meet the growing needs of all sections of the country.

Baker's Marks

There is a story of an old lady who made up a batch of mince and apple pies. Wishing to be able to distinguish one kind from the other she marked the mince pies **TM** for "tis mince" and the apple pies **TM** for "taint mince."

The baker's marks on the ordinary run of bakery products are of little more value for purposes of identification than the marks
